

## Twice the Blessings

It's a familiar scene: an expectant woman comes into our clinic full of questions, especially questions about whether or not their pregnancy is viable. After counseling, our nurse sonographer takes a medical history, settles them on the table, slathers the ultrasound gel on, and sets to work finding a tiny heartbeat hidden within her womb. Many women are shocked to hear those first pulsing beats that indicate the racing of a tiny heart, but Ronelle was especially shocked when instead of one beating heart, there were two.

## Our Mission

*The Pregnancy Clinic is a faith-based, medical non-profit, serving those facing pregnancy-related and sexual health issues by offering physical, emotional and spiritual support, and empowering them to make healthy and life-affirming decisions.*

Annapolis Pregnancy Clinic:

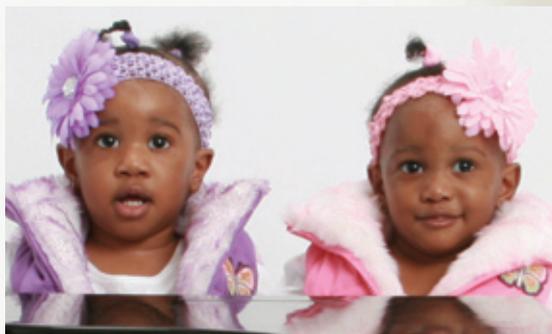

### We're Open!

See page 3 for details!

Ronelle had recently left an abusive relationship when she came to the clinic wondering if she could possibly be pregnant. The potential father indicated only that he would "support" her. Upon finding that her test was positive, she could only laugh, completely shocked that she was pregnant. Her counselor, Gail, was lovingly comforting as she went through the counseling process with Ronelle: "she supported me, explained my options, and was very encouraging."

Upon finding out that she was pregnant, the father of the baby revealed that his intention in "supporting" her was only that he would pay for the cost of the abortion. He told her "just get rid of the kids, and we can be friends again," but I felt like we had caused this and the child shouldn't have to pay for that." said Ronelle. Her parents were equally unhappy, especially when they found out she was carrying twins. Having watched their daughter suffer in an abusive relationship, they were angry that she would consider carrying her children to term and parenting them on her own.

Naylani (left) and Nayomi (right) at 17 months

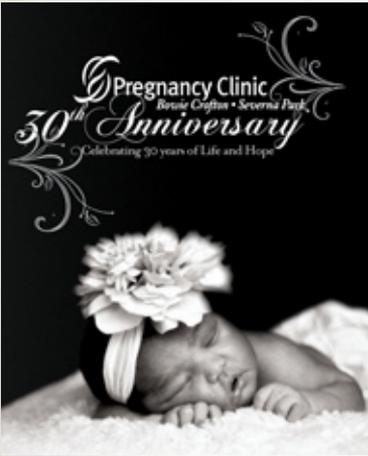

However, with the support of her counselor and the knowledge that these little babies were "meant to be" Ronelle successfully delivered twin girls on August 12, 2010: Nayomi Andrea and Naylani Adeola. Her parents, though initially unsupportive, were filled with joy at the sight of the two precious babies. Ronelle brought the twins into the clinic just before our banquet to say thank you and many of those in attendance at the banquet may have seen their sweet faces in the centerpieces on the table.

"I had no other support at the time. He told me I was ruining his life, my parents didn't want to help, but Ms. Gail was available to me when I needed it most."

Ronelle is home full time with her now 18 month old twins and is in the process of using her Masters in Early Childhood Education to set up a daycare and community support center named after her girls in her home. She hopes to help other teenagers who might be similarly struggling to overcome their situations. She says of the twins, "They absolutely changed my life. They are the best thing that has ever happened to me."

## Celebrating 30 Years of Hope and Healing

Lights shone from behind the pictures of the faces of babies who's mothers lives had been impacted for Life and tears shone in many eyes as the stories were told of children saved, hearts healed from past abortion, and women's lives forever changed by the hope of life that Christ offers through the Pregnancy Clinic ministry. On October 3rd, 2011, 740 people joined with the Pregnancy Clinic Ministry in celebrating 30 years of hope and healing. Dr. Bruce Wilkinson moved many in the audience with his challenge to see life as God sees it and support the ministry in saving the lives of the unborn in the year to come. Visit our website at [www.pregnancyclinicministry.org](http://www.pregnancyclinicministry.org) to see the beautiful client testimonies, our new commercial to reach more clients, the 2010 Annual Report in pictures and Pam's vision for our future.

## Pamela's Post

Thirty years ago, we opened the doors to a visionary idea: a refuge for women seeking abortion to find hope, guidance, and the Love of Christ. Six years ago, we opened the doors of a revolutionary place: the redeemed grounds of an abortion clinic now used for women's hope and healing from abortion. This year, we are opening the doors to an extraordinary opportunity: a haven of hope and safety directly across the street from the last abortion provider in Anne Arundel County: Planned Parenthood, Annapolis.

The Annapolis Pregnancy Clinic office, at 934 West Street, joins the Bowie/Crofton and Severna Park

locations of the Pregnancy Clinic Ministry and will offer the same invaluable services including pregnancy testing, compassionate counseling, and 3D/4D Sonograms. We have the unique privilege of serving the women of Annapolis with totally free medical services; especially those who will be traveling to the West Street Planned Parenthood. Join us as a new light dawns on those who have been in the "shadow of death" as we seek to offer the light of Christ, hope, and healing to women.

*Pamela*

## 2012 Vision & Goals

*Where there is no vision, the people perish. Proverbs 29:18  
Our vision is to save more babies lives, spare more women from abortion & share the Gospel with more lost and hurting souls...*

1. Double the number of babies saved by reaching more pregnant at risk clients with a new cable TV and radio ad campaign and expanded social media in Anne Arundel and Prince Georges Counties.
2. Reach and save more babies through our Window to the Womb ultrasound program by replacement of our ultrasound probe & statewide nurse sonographer training for the Maryland Coalition of Medical Pregnancy Clinics.
3. Plan for the future reach of the ministry by establishing an Endowment Fund which will form the foundation for future financial support
4. Reach the women who would be going into Planned Parenthood for abortions by opening a 3rd office directly across from Planned Parenthood on West Street in Annapolis

Special thanks to the following organizations that donated time and/or materials to help make Annapolis possible:

Veteran Solutions, Inc  
Gideon's Wood Floor Service, Inc. • Kelley's Tile  
Arundel Christian Church • Band of Brother's Men's Ministry  
Girlfriend's Women's Ministry • Gable Signs  
University of Maryland, Terps for Life
