

# 2014 Pregnancy Clinic Ministry Annual Report

Our mission is to reach women who are searching for an abortion and through support, free services, ultrasounds, and the power of the the love of Christ, change their minds for life.

*This is how we, with your support, accomplished this goal in 2014.*

Women are increasingly turning to their phones and computers for help, so we compete with abortion clinics for the most expensive Google Adword in the world: abortion.

Because of these efforts, we saw 1,115 women for pregnancy testing, 861 of which were positive.

Of those positive, 654 women were seeking or at risk for an abortion.

Women seeking an abortion come to our clinic to find out if their pregnancy is going to miscarry.

**709** Ultrasounds were performed to help women see the beauty of life within.

**914** Women had a spiritual discussion which led to **403** Gospel presentations.

When these women had the chance to face their fears and the reality of the growing life inside of them...

**412** Women chose life for their babies with the support of a counselor, the Hope of the Gospel, and the Truth of an Ultrasound.  
*(This total does not include clients who we are unable to get in touch with, but many, we know, do choose life.)*

*Abortion seemed like Justiné's only option, but through the encouragement of a counselor, and the beautiful image of her daughter in the sonogram, she found hope and courage. Kaylee was born January 2014.*
